

Angels Baronial Council Meeting
September 16, 2004

8:00PM - Meeting called to order

Greetings:

Baron: We survived our first year! We had a lot of fun at Angels Anniversary, there was a bit of a delay, but we had a good day, and a good day at Agincourt on Sunday.

Baroness: Congratulations on a wonderful anniversary and thank you to everyone for working so hard. Congrats also to all who got awards, and if you didn't get awards there's always other events.

Newcomers:

Ellie, who's been dying to join us.

Previous Meeting's Minutes:

July & August both passed without corrections

Officer's Reports:

Seneschal - Trinetta - I have been receiving quarterly reports, thank you very much. Received an email regarding events at GWW: Invitations to House Sterling Known World Bardic - theme is Arthurian Legend - 1st prize King Arthur Chalice - on Saturday night at Stirling encampment. Tournament pas de arms Friday at 8:30 at Sterling encampment. See House Sterling website for more information.

A&S - Rosamund - We did a really good job at Angels Anniversary at the white elephant sale, made about \$230. We have those funds to use to look into doing more A&S in Angels. We found our Baronial Champion, Lord Basil Emerson!

Chatelaine - Mouren - Three newcomers at last meeting. Talked to half a dozen newcomers at Angels Anniversary. Got some newcomers into new garb from my personal castle. Heralded a lot so I wasn't able to do as much as I wanted. Thank you, Flavia, for bringing me all the CPs, TIs, it was amazing and wonderful. Elspie and Therese have some for me as well. Effort to rebuild the Chatelaine's box is going really really well, thanks to the donations.

Chirurgion - Justina - Treated one ant bite at A.A., no other injuries reported.

Chronicler - Elspie - Seraph fundraiser raised \$150 at Angels Anniversary, got 3 new subscriptions this month. Redesign was mostly done last month, however, Jared is going to be helping fix a few boo boos for this month. Updating officer's information, please contact me if any information in the Seraph is incomplete or incorrect.

Constable - Norrick/Robert - Robert has all the items and will be here later with the L&F items to search for owners.

Exchequer - Elle - Contact Exchequer for information

Herald - Balthazar - Two people interested in being deputies, Jared as book herald, and Tezar as field herald. My first event was Angels Anniversary, and there were a lot of awards given out. Everyone please register English names from now on to make my job as Court Herald much easier. Thank you immensely Mouren for taking the lion's share of the field, Mariam and Tezar helping with field heraldry for the rapiers.

Two or three Angels submissions were discussed at the last Heralds meeting, from Amhas's time as Herald.

At Collegium on Sunday is the "Herald's Roadshow" - if you submit your device on Saturday or Sunday, you can sit in on Sunday and watch how devices are discussed and passed.

I'm also teaching a Beginning Heraldry class with Cormac Mor at Collegium - the very beginning basics of Heraldry.

Marshal - Doku - Had 19 heavy fighters at Angels Anniversary, Baron Madog and His Majesty helped a great deal with marshaling and getting things straight. Doku is working on getting a donation of rope to the Canton for the eric, and is re-welding the eric poles with Rodak.

Tuesday night practice is going great. Had a good Brigade practice, lots of people hitting each other with sticks. Cannot attend Tuesday night practices during October or the Baronial Council meeting due to his work at Knott's Scary Farm. Rodak and Mouren will fill in at Tuesday night practices.

Rapier - Basil - Had one melee practice, planning on having another next week. Nothing else to report.

Archery - Allan - Sunday practices are going on, attendance is low to nil, but the correct directions will be in the Seraph so there is no longer that excuse.

Boffers - seeking a person to fill the position. Final report from Finnguala - four children did boffers at Angels Anniversary, two of the children were new and they and their father are very very interested in joining the SCA. Thank you lady Flavia for donating to the children's items. Have the Children's Pavilion to return to the Barony tonight.

Children - seeking a person to fill the position.

Webwright - Ysabeau - Kingdom server has be transferred by January. Not holding my breath, nothing will change with our Barony's site yet. If we keep this host, we have have custom email addresses for officers.

Subgroup Reports:

Canyons - Mouren for Rodak - Numerous projects, some A&S, team effort on the eric. Exchange of Seneschal did not happen at Angels Anniversary as planned, Rodak had an appointment he had to keep and was unable to be there when TRM arrived. Planning is starting on Angels Melee.

Voyagers - Things are still quiet at the moment. Students will be returning next weekend. We have the club fair the same weekend as Collegium, giving them flashy displays to attract them. Plan to have a separate encampment at GWW. (Baron Jason altered the Newcomer's Flyer to include Caltech information, donated a stack and the disk with a copy to Tomaso, to pass out on Club day)

New Business:

Baroness Morgaine would like to use upcoming Thursdays designated for A&S nights to make things for presentation for Coronation. She thinks it would do the Barony proud to have handmade items by our populace to pass on to the current King & Queen and whomever their heirs are. There's a fifth Thursday this month, the 2nd Thursday in October, and a few Thursdays in November that are our regular A&S nights. Please talk to me or discuss on the list things that we could do.

Webwright notes that coming to a Council meeting counts as participating to being in Crown lists!

If you're camping with us at GWW, please tell us the size of your pavilion! Contact Trinette or post it to the Angels list.

Progress Reports:

Robin Hood Tourney - Castle Windows built, need to figure out how to stand them up. Split the arrow targets are built. Wreaths and supports are all that's left to do. Silver arrow is in the process of being made, it will pass down year to year. Winner keeps a square foot of Sherwood forest on a 1000 year lease. Loaner equipment will be available, merchants will be there including archery merchants. Children's shooting is in the planning. There will be a Robin Hood play by the Guild of St. Genesius

Huntsman's Yule & Baron's Birthday Bash - still in early planning. Secured Dabney Hall, budget is submitted & in process. So far, hoping to have a Hunt themed event, pot luck dinner with meat provided. Contest: best use of fur in garb, best hunt animal subtlety (edible non-animals in animal form, ie marzipan deer), best amusement in honor of the Baron's birthday, best themed table setting. Want this to be a big, merry, rollicking event, asking Master Gulliver to run a baubling table, seeking a Dance minister or mistress, playing with dying to make ermine tails for site favors.

Old Business:

Angels Anniversary - Elspie - Thanks again to everybody for helping with this event. Congratulations to all who got awards. I was too busy to take any photographs, so PLEASE send me some for my scrapbook.

Financial committee approved 4 items last month: final budget for Robin Hood, lunch budget for Angels Anniversary, Athena medallion purchasing, and coronet fixing.

We will not be having a financial meeting after this meeting, but Elle does need to speak to some of you about inventory.

Announcements:

Flavia - apology to Allan because somebody bought the two wreaths at the white elephant sale I had brought for Archery. Remember the Wool to Whatever contest at GWW! \$2 to enter, do anything you want with it!! Also, organizing care packages to send to our soldiers overseas, talk to Flavia or check out <http://www.anysoldier.com>. Also talk to Flavia about Dye Workshops.

Norrick - at GWW on Saturday night is the 3rd brigade feast. Norrick is hosting a siege weapon contest - it must be made out of FOOD ITEMS - artistic, functionality, and looking like what it functions as. Winner gets a pouch made by me.

Jared - Caid History Project - creating a load of webpages with the history of Caid. All reigns, awards given out, pictures of those events. I will have an album with loose pictures for people to go through and figure out who they are and what event it was. I really need pictures from the middle years of Caid - the 80's. Also I'm looking for event chronicles - your memories of events.

Closing Comments:

Baron: Help Jared with his History of Project. TRM love that idea, and also saw my "Mug Book" and loved it. The book is going to be becoming a picture and device book - a pictorial OP.

Baroness: Also at GWW, his Ex and I are putting on the Middle Earth Embassy Soiree, best costumes, trivia contest, have a wonderful time at GWW! I would also like to thank THL Jared Bladeoux for making up the scrolls that were given out at Angels Anniversary..

9:02PM - meeting closed.
