Attendance at practices is small but consistent. The new site at Recreation Park is working well for the Tuesday night practice. We have several new people interested in the fighting. As soon as modern life issues permit, I will be working with the Castellan to get some loaner armor to the practices to encourage the newcomers.

Report for the office of Arts & Sciences
Report Submitted by: THL Rosamund Ryghtwys

The A&S meeting was held over two days at picnic in the park, since it was cold the first day. I met with various members of the Barony and assisted one with a pattern issue.

I am open and willing to hold classes if anyone is interested in a special subject, but I have to know about it. Otherwise I am more than willing to offer my help in any subject I know about whenever I am there. I do all kinds of needlework, metal work, hand sewing, costuming and pattern making and probably other things I might not admit to.

Do you have any upcoming events/activities/projects you are organizing?
Planning for Voyagers May Day is well underway. A couple of Baronial officers still need to be contacted and requested to work. Armored Combat is being handled by Tomaso. Rapier Combat is being handled by Rosin. A&S is being handled by Catharine. His Majesty will be in attendance and this has been coordinated. The site on campus is the Court of Mann aka Beckman Mall. Due to restriction by campus facilities there can be no stakes in the ground so there will be no pavilions. Only popups and day shades will be allowed. This will be in the May CP and I will also post it out to all lists as the event gets closer.

Were there any problems/incidents? None.

Do you have anything to bring up before the full council or is your report ok to be taken as submitted?
Only the May Day report.

Proposed topic for new business? None.
