Office of the Chronicler – Duchess Natalya de Foix & Jean-Christophe Messier

- Published the August 2001 *Seraph*
- Planning to continue publishing The Seraph until our successor is ready to take over the office.
- Planning to attend Angels Anniversary
- The deadline for the September *Seraph* is Tuesday, September 13. Please remember to submit the appropriate forms with submissions or notify us that you have a blanket approval form on file. Anyone with questions about forms should contact us directly at chronicler@sca-angels.org
- We are very pleased to announce that Baroness Flavia Beatrice Carmigniani has offered to step up as Baronial Chronicler after she steps down as Territorial Baroness in January. Pending approval of the new Baron and Baroness, her offer has been accepted by the Baronial Chroniclers and Kingdom Chronicler Barwness Rheimwen Cyfarwydd
- Angels members on the unofficial Angels FB page were asked not to include live email addresses in emails they repost from the elists. Duchess Natalya confirmed with the Kingdom Seneschal and Deputy Seneschal for Media that the SCA does not currently conduct any official business via FB pages. Information about events may be posted there but not in lieu of using official modes of communication (newsletters, online calendars, elists). At the upcoming October meeting, the BoD will be discussing guidelines for FB use. Anyone with questions or suggestions should direct them to the Society Media Relations Officer Scott Farrell (Duke Guillaume de la Belgique at media@sca.org)

Office of the Marshal – Lord Peter Cadarn

General Equipment: All eric poles and ropes are functional. We have four Marshaling staves, all of which are in good repair.

ARMORED COMBAT

Practices:

Tuesday nights, 7 pm – approximately 10 pm, at the western side of Recreation Park in Monrovia, under the lights right off Shamrock Avenue.

Sunday afternoons, 1 pm – 5 pm at the north side of Recreation Park off Lemon Avenue. This is part of the weekly PitP.

Armor Workshops: None are currently scheduled.

Fighting Unit: A Baronial war unit is in the embryonic stage right now.

Significant Issues/Events: We have authorized one new Heavy Weapons fighters. There have been no injuries or fighter-related issues. We are still trying to gather and inventory all Baronial loaner armor.

Angels Armored Combat Marshals:

Lord Peter Cadarn, Angels Baronial Marshal

THL Tomaso da Barbiano, Deputy Baronial Marshal; senior Marshal

Lord Gerrit d’Orleans: Marshal-in-Training

RAPIER – Lady Roísín ni Brian, Rapier Captain

We’ve averaged about 4-5 fighters per practice this quarter, with 3 regular unScarved, authorized fighters, two visiting White Scarves (Don Lot Ramirez and Don Colwyn Stagghorn) who attend 1-2 times per month, and about 6 fighters who wander in and out about once a month. We have had some new interest in rapier, but none of them have been developed into a full fighter.

We currently have two MiTs on our rapier lists: Lady Roísín and Lorenzo Davita. (Lady Roísín is sorting out an issue with her paperwork and still counts herself as MiT until it is resolved.) Don Laertes McBride has been asked to serve as a stand-by Rapier Marshal for Angels Anniversary.

We have been fighting heavy rapier and everyone has been progressing well. Each week we have had a themed practice where a certain aspect of rapier is discussed and drilled. We have also taken field trips to neighboring baronies and are planning our next excursion to either Dun Or or Darach.

TARGET ARCHERY – Lady Rayne Archer of Annan, Captain of Archers

- We have generally been holding practices once a week with 3 to 8 participants.
- An inquiry has been made by a family with a young son who wishes to participate in archery.
- We are just starting the beginning process for both Robin Hood 2012 as well as QCA 2012.
- In August we had 2 practices and 7 total archers, one of whom is not an SCA member yet, but we are hoping he becomes one soon. We were loaned some children’s bows and were given a light bow by Mistress Huette before she was hospitalized. Next month I hope to have two new archers authorized, both of whom are doing very well at

this point. I am also in the process of trying to contact a Senior Marshal to mentor Mairghread nicChlurain so that she can become a Marshal-in-Training, and ultimately a lieutenant of the captain of archers. We did have two arrows broken and one lost during practice. I am not very happy with the arrows purchased as loaner gear and will not be buying these again, so I am looking at other sources for loaner arrows.
